BECOME A BLOOD DONOR

As far as we know, ABSAR has the only up-to-date blood donor list on the island. Although we have over one hundred current donors, we are always looking to increase our list, as many donors are not on island full time.

We are receiving more requests each year for assistance in finding blood donors and many of these cases are time critical and for a specific blood type. Therefore, our program is extremely important.

If you would like to add your name to the list, please fill out the following form and submit it back to us via email at karenabsar@gmail.com. We thank you for your willingness to assist others in their time of need.

Name: _____

Blood Type: _____

Address: _____

Phone Number: _____

Email Address: _____

Any Relevant Information: _____

Please fill out this form and email it to us at: karenabsar@gmail.com
